Our charity organization is deeply committed to providing essential support and assistance to children in need, particularly those who are orphaned, semi-orphaned, or abandoned. In light of the recent devastating impacts of the pandemic, we have witnessed a significant rise in the number of children who have lost their parents to the unforgiving grip of COVID-19. Understanding the critical importance of providing a nurturing and stable environment for these vulnerable individuals, our efforts have focused on two major avenues of care: family-based and institutional-based.

In collaboration with local communities, we have initiated a comprehensive program aimed at supporting orphaned and semi-orphaned children in family-based care. Recognizing the significance of education in the lives of these children, we have provided them with essential school supplies, including uniforms, bags, and sandals. We firmly believe that by equipping them with the necessary tools for learning, we empower them to succeed academically and unlock their full potential. Furthermore, we have extended our assistance beyond the educational realm, addressing the pressing needs of these families by paying their house rent and providing essential groceries to alleviate any financial burdens they may face.

We rescue vulnerable children who couldn't be placed under kinship care; we produce before child welfare committee and place them in registered child care institution and other children in Government Hostel and continue to follow them up and help in school supplies, toiletries and pocket money. Moreover, we understand the joy that a new dress can bring, especially during festivals and special occasions. Hence, our organization takes great pleasure in ensuring that these children are provided with new attire to celebrate alongside their peers.

Taking into account the traumatizing experiences these children have endured, we are dedicated to creating a supportive atmosphere that helps them heal and thrive. Our team regularly engages in family visits, offering emotional support and guidance to both the children and their caretakers. Additionally, we go the extra mile by providing toiletries and snacks to the children, ensuring that their day-to-day needs are met. Through our collective efforts, we strive to provide a foundation of love, care, and stability for these children, empowering them to build brighter futures despite the challenging circumstances they have faced.

Meetings & Programme

We are thrilled to present the annual report for our charity's college education sponsorships program, dedicated to supporting young girls who are orphaned, semi-orphaned, or abandoned young adults. Throughout the year, our organization has been committed to providing a brighter future for these deserving individuals by covering their tuition fees and hostel expenses. One of the primary objectives of our program is to prevent child marriage and child labor by empowering these young girls through education. By offering financial support for their college education, we aim to break the cycle of poverty and create opportunities for them to thrive. Education not only equips them with the necessary skills and knowledge but also instills confidence and empowers them to pursue their dreams.

In addition to covering their educational expenses, we have taken a holistic approach to ensure the overall well-being of these girls. We understand that education alone is not sufficient to lead a fulfilling life. Hence, we have celebrated their birthdays, providing them with moments of joy and a sense of belonging. Moreover, we have allocated pocket money to meet their daily needs, ensuring that they do not face any financial barriers during their college journey.

Our commitment extends beyond financial assistance. Regular visits by our dedicated team members have allowed us to develop strong bonds with the girls, providing them with emotional support and guidance. We believe in the power of human connection and strive to be a constant source of encouragement throughout their college years. Furthermore, we have organized recreational activities to foster a sense of camaraderie among the girls, enabling them to unwind and create cherished memories.

Through our collective efforts, we envision a better future for these young girls who have faced adversity and hardship. By investing in their education and well-being, we are nurturing future leaders who will make a positive impact in their communities and beyond. We are immensely grateful to our sponsors especially Mr. Tony Navin for his commitment and generous contribution in loving memory of his mother Mrs. Vimala John Scholarships Award and Miracle Foundation and individual donors for their unwavering support, as their contributions have made this life-changing program possible.

As we reflect on the accomplishments of the past year, we are filled with a sense of pride and gratitude. Together, we are creating a pathway to success, unlocking the potential of these remarkable young girls, and shaping a brighter tomorrow where child marriage and child labor are prevented. With your continued support, we can make an even greater difference and empower more young girls to realize their dreams. Together, let us build a world where every girl has equal access to education and a chance at a better future.

ISHWARAYA

It is with a heavy heart that we mourn the loss of our dear Ishwaraya. Her journey was one filled with immense challenges and yet, she faced them with unwavering determination and a spirit that inspired us all.

Ishwaraya was not only an orphan girl but also battled a deadly disease. Despite these adversities, she never let her circumstances define her. Through the support of our college's education sponsorship program, she was able to pursue her dreams and was awarded the prestigious Mrs. Vimala John Scholarship for her B.Com degree. The scholarship was a testament to her hard work and resilience, and she wore it as a badge of honor.

Ishwaraya completed her first semester with great enthusiasm and joy. She was filled with hope and excitement for the future, knowing that she was on a path towards a brighter tomorrow. Unfortunately, fate had other plans, and she was unable to complete her first year. It is a heartbreaking realization that she was taken from us far too soon, before she could fully realize her potential and achieve her dreams.

Rest in peace, dear Ishwaraya. You will forever remain in our hearts as a shining example of strength and resilience.

The impact of your generosity will extend far beyond the immediate recipients of the scholarship, as they go on to make their own positive contributions to society.

We have witnessed firsthand the transformative power of scholarships and how they can change lives. Your support has not only lightened the financial burden for these students but has also instilled in them a sense of pride, motivation, and gratitude. Your belief in their abilities and dedication to their education has given them the confidence to pursue their dreams with renewed vigor.

On behalf of all the scholarship recipients, their families, and the entire college community, we express our sincerest gratitude. Your generosity has made a significant difference in the lives of these students, and we are forever grateful for your kindness and compassion.

As these students continue their educational journeys, they will carry with them the memory of your mother's legacy and the impact you have made through this scholarship. We have no doubt that they will honor her memory by striving for excellence and making a positive impact in their chosen fields.

Once again, we extend our heartfelt thanks to you, Mr. Tony Navin. Your philanthropy and dedication to creating opportunities for others are truly commendable. May your kindness and generosity continue to inspire others to make a difference in the lives of those in need.
